**CHAPCB Standards and Procedures. Sec. 3.10.100. Approved Continuing Education Programs for CHA/P.**

- (a) **Competencies.** To be approved by the Board, a continuing education program must:
  - (1) cover one or more of the course of study subjects or competencies listed in sections 2.20.100 [CHA I training & education requirements] through .510 [CHP competencies], the CHA/P Curriculum, or the CHAM;
  - (2) directly relate to the clinical practice of a community health aide or community health practitioner; and
  - (3) be no less than 1 hour in length.
- (b) **Sponsorship.** A continuing education program that meets the requirements of section 3.10.100(a) [approved continuing education programs for CHA/P; competencies] and is sponsored by any of the following organizations is considered approved by the Board:
  - (1) a certified CHA/P Training Center;
  - (2) the American Medical Association;
  - (3) the American Nurses' Association;
  - (4) an accredited postsecondary educational institution;
  - (5) the Indian Health Service;
  - (6) an emergency care course approved by the State of Alaska, Indian Health Service, American Heart Association (AHA), or American Red Cross; or
  - (7) Smiles for Life.

Visit <https://anthc.remote-learner.net/> for the current list of approved courses offered through the Distance Learning Network.
