

# Welcome!

## CHAP Conversation about Interprofessional Education + Collaborative Practice

November 30, 2021 | 12:30-1:30pm | via Zoom

As you arrive, please introduce yourself in the chat box:

- What is your name?
- Where are you joining from?

### Zoom Reminders:

Please **mute** your microphone when you are not talking. If you are dialing in, press **\*6 to mute** or **\*9 to raise your hand** in the chat box.

Please keep your video **camera on** as your device and internet allow. This call will be recorded for reference.

# Land Acknowledgement

*Dena'inaq ełnen'aaq'  
gheshtnu ch'q'u yeshdu.* (Dena'ina)

Translation by J. Isaak and S. Shaginoff-Stuart

*I live and work on the  
land of the Dena'ina.* (English)

A Land Acknowledgement is a formal statement that recognizes and respects Indigenous Peoples as traditional stewards of this land and the enduring relationship that exists between Indigenous Peoples and their traditional territories.

<http://convention.myacpa.org/nashville2020/inclusion/land-acknowledgement/>

# Today's Agenda

---

12:30-12:40pm Welcome + Introductions

---

12:40-12:50pm Presentation

---

12:50-1:20pm Reflection + Discussion

---

1:30pm Close

---

## Objectives:

- ✓ **Connect** with one another for an engaging conversation
- ✓ **Develop** shared understanding of interprofessional education (IPE) and collaborative practice (CP)
- ✓ **Learn** from CHA/Ps about interest in education and collaboration with other disciplines
- ✓ **Brainstorm** ideas that the training programs consider

## Facilitation Team:

Thea Agnew Bembien

Lauren Rocco

Josh Hemsath

Inger Deede

# Break-Out Group Introductions

You will be randomly assigned into **3 breakout rooms**

Rooms close after **8 minutes**

*Introduce yourself with these prompts:*

- Your **name**
- Your **community**
- **How long** you've been practicing
- What led you to join **today**?

# PRESENTATION

# What is interprofessional education?

Interprofessional Education (IPE) occurs when two or more professions learn **about, from** and **with each other** to enable effective collaboration and **improve health outcomes.**

# What is collaborative practice?

Collaborative Practice (CP) occurs when **multiple health workers** from different professional backgrounds provide comprehensive services by working **with patients, their families, caregivers and communities** to deliver the **highest quality of care** across settings.

# ANTHC's vision for IPE-CP

The provision of holistic care begins with the **training of providers**, transfers into their **clinical practice**, and ultimately has an impact on community and population health.

Through a model of interprofessional education and practice, Health Aides of all disciplines will **increase collaboration** on patient care which will lead to earlier identification of illnesses and risk factors, decreases in healthcare spending, and **better health outcomes for Alaska Native peoples**.

# Project Overview

## Goals:

- 1) Learn directly from Health Aides and administrators.
- 2) Identify next steps for increasing collaboration across disciplines during both training and practice.

# DISCUSSION

# Health Aides + IPE + CE = ?

If you had access to the other health aide disciplines (during your training and in the field):

- How would this **help you?**
- How would it **affect your practice?**
- How would it **improve patient outcomes and experience?**

# Imagine...

Tonia came in for a wellness check. During her visit, she mentioned some difficulty sleeping and strong headaches.

## Take 3 minutes to jot down your thoughts:

- What are some questions that you might ask Tonia to learn more about what might be going on?
- If you were able to consult with the other disciplines, what would you want to know from them?
- What questions do you think a BHA or DHAT might have in the same situation?

# Break-Out Group Instructions

Keep your  
**notes handy**  
for reference

You will be assigned  
to the same  
**3 rooms** as before

Rooms close after  
**~20 minutes**

# Discussion Instructions

With the example patient in mind, discuss the following questions:

1. What would change if you were able to collaborate more closely with health aides of other disciplines?
2. What education, training or supports would you need to make collaboration easier?
3. How easy is collaboration currently? (What are some of the barriers? When is collaboration easy?)

# CLOSING

# Instructions

To close, please share a reflection, take-away, or idea from today's conversation.

## Join by Web

1. Go to [PollEv.com](https://PollEv.com)
2. Enter **AGNEWBECK**
3. Respond to activity

## Join by Text

1. Text **AGNEWBECK** to **22333**
2. Text in your response

---

**Please share a reflection, take-away, or  
idea from today's conversation.**

# THANK YOU! + What's Next?

Complete **Survey Monkey Evaluation** and include contact information so ANTHC can send you a BOA gift card thank you!

Look for **shared notes** from our conversation (to be sent in December).

Complete **Health Aide survey** in December. (Raffle prizes to come!)

Join us for a **large group discussion** in January (date TBD).
