

STUDY PARTICIPATION OPPORTUNITY

Alaska Native Family-Based, Financial Incentives Intervention for Smoking Cessation

The Alaska Native Tribal Health Consortium and Mayo Clinic are working together. We wish to learn ways to help Alaska Native people who smoke to quit with help from family.

To join in this research study you must:

- Have an Alaska Native or American Indian family member who smokes
- Be 21 years or older

Those who join this study will look over materials we would like to use in the study. We will then ask you to give us your thought by phone. the interview will take about one hour.

Participants will receive a \$25 Visa gift card for their time!

For information on participation, please contact akfamilystudy@mayo.edu or call 1-833-602-0222.
